

# Car of Wire Fence In. All Heights R. M. HARRISON & SON

## ARGUMENTS TO BE HEARD HERE FRIDAY IN STRIKE CASE.

A suit in which the Andrews Steel Company of Newport seeks a temporary restraining order and ultimately a perpetual injunction against M. E. Tighe, president of the National Union of Amalgamated Iron, Steel and Tin Workers of America, presidents of four local unions and 150 strikers and sympathizers, was filed in the United States Circuit Court at Covington Wednesday.

The petition asks that those named in the petition be enjoined from interfering in the conduct of the company's business, uttering threats of violence or with interfering with the delivery of goods.

Arguments on the injunction are to be heard in this city by Judge Cochran Friday.

Forest Avenue Parent Teacher Association will meet Friday afternoon, April 21, at 3:15 o'clock. All members are urged to be present.

## USED BY MILLIONS

### BULGARIAN BLOOD TEA

This pure herb spring tonic aids nature to enrich the blood and refresh the tired system.

For constipation, indigestion, biliousness, sour, gassy stomach, sick headaches, bowel and kidney ailments Bulgarian Blood Tea gives wonderful relief. Sold everywhere by druggists.

## LAW BARRING TEACHING OF GERMAN IS UPHOLD.

Lincoln, Nebr., April 19. — Constitutionality of the Nebraska language law, which prohibits teaching of the German language in public, private, parochial and denominational schools until the pupil has passed the eighth grade, was upheld by the Nebraska Supreme Court today. The Court held the law was a reasonable exercise of the state's police power.

The regular prayer service at the First M. E. Church, South, Thursday evening at 7:30. Mr. Pollitt will be the leader.

## HOOKWORM REMEDY FOUND IN CARBON TETRACHLORIDE

Medical Profession Finds Something Which May Help Eradicate Parasite Causing Much Trouble in Kentucky.

Following the discovery by the United States Department of Agriculture that the chemical, carbon tetrachloride, is effective against hookworms in animals, numerous trials in various parts of the world have given strong indication that it is the long-sought remedy for this parasite in human beings. This important advance adds another discovery to the list of those that department scientists have contributed to human medicine, one of the most important of which is the fact that certain diseases may be transmitted from one animal to another by such external parasites as ticks and insects. If it comes up to expectations, and all tests made so far have been highly encouraging, this drug will be a boon to millions of people in many parts of the world.

The department has demonstrated beyond doubt that this chemical is a remedy for hookworm and related bloodsucking worms in animals, and its use for this purpose was first called to the attention of the medical profession in the Journal of the American Medical Association for November 19, 1921, by Dr. Maurice C. Hall, who made the investigations.

According to a recent article in a London medical journal, active in the Fiji Islands have been given this treatment for hookworm with satisfactory results. Ninety-eight per cent of the parasites were removed with one dose of the carbon tetrachloride and no bad effects were noticed. The absence of harmful effects on the patients in the tests so far, is very encouraging, as the danger attendant on the employment of the drug most used at present constitutes a serious handicap to the work of hookworm eradication. The new treatment is, also, extremely cheap, the chemical being one that is commonly used for cleaning clothing.

At the present time the department's discovery is being tried out as a drug for removing hookworms from people in Southern States, on the Pacific coast, in India, Ceylon, Dutch Guiana, the Fiji Islands, and Brazil.

## COLORED MAN DIES.

William H. Wolfe, colored, aged 55, died Wednesday at his home in Prospect street. The funeral will be held Sunday afternoon at 2 o'clock from Scott's M. E. church. Burial will be made in the Maysville cemetery.

## NOTICE

Sealed proposals will be received at the office of the Orangeburg Development Company at Orangeburg, Ky., until Saturday, April 22, 1922, at 2:30 o'clock for furnishing all materials and doing all work necessary to the completion of a Consolidated School building.

Bids may embrace the whole of the construction or be separated into bids upon foundation and superstructure, respectively, viz:

1. Foundation and excavation.
2. Superstructure.

In accordance with plans and specifications which may be seen at the Company's office at Orangeburg.

Each bid must contain the name of every person interested therein. A bond for the complete performance of any contract entered into with the Company will be required.

Bids will be opened on the ground on the date above stated.

The Company reserves the right to reject any bid or part thereof or all of the bids received.

BOARD OF DIRECTORS  
Of the Orangeburg Development Company.  
12Apr-12
